

# The Promise

I \_\_\_\_\_ do promise to keep before GOD my heart and head so I may not wrongly accuse someone of gang related activities as long as I am a member of **Gang Watchers**. I promise to pray for my assigned gang member and to pray for wisdom concerning his relationship with GOD. I promise, when contact is made with a gang member, to first offer him a relationship with GOD through Jesus Christ our LORD. I promise, as a member of Gang Watcher, to always pray over my family, friends, and foes in the event that a gang member decides to retaliate with another crime.

I also promise to pray for and petition our legislative leaders so they'll adopt the "**3 Bust's and It's On**" drafted proposal as a new law that will profile gang members on the internet . . . similar to Megan's Law.

And finally, I promise to obey all laws concerning this gang members rights as a citizen until he is positively identified by a news organization, a police report or an eye witness. **So help me GOD !**
